PUBLIC SAFETY

QUICK SHEET

Gamber-Johnson is a leading supplier of rugged mounting systems that safely secure mobile communication systems, computers and other electronic equipment in fleet vehicles, public safety vehicles, forklifts and other mobility applications. Their products are used by law enforcement, public safety, military, and warehouse fleets around the globe and are known for being rugged, reliable and responsive. To learn more about Gamber-Johnson visit gamberjohnson.com.

CRADLES & DOCKING STATIONS

Find the perfect solution in the form of a docking station, which replicates the computer's ports for full peripheral access, or a cradle that offers the utmost stability for crucial assets. Gamber-Johnson offers a large assortment of docking stations and cradles that support computers from the most trusted rugged manufacturers in the market including: Dell, Getac, Panasonic, Samsung, Zebra, and more.

PEDESTAL SYSTEMS

Pedestal systems are an ideal option for vans and trucks that have small console areas, which do not allow adequate space for mounting. With an innovative design and sturdy construction, these products offer maximum reliability, but save on space.

CONSOLE SYSTEMS

Gamber-Johnson console boxes make the most out of any vehicle's small space in one, customizable solution. These units assist in the organization of the user's most important devices, so the job can be done safely and effectively.

RUGGED. RELIABLE. RESPONSIVE.

MOTION ATTACHMENTS

Gamber-Johnson's motion attachments are one of the key components needed to mount a docking station or cradle to give users the flexibility desired. The motion attachment allows for tilting, swiveling, rotating, and locking to ensure safety and ergonomic use in a mobile office environment. From laptops to tablets, our wide range of devices help perfect the right solution.

Zirkona

Our Zirkona product line features an innovative, encapsulated joiner that allows users to rotate their small, lightweight devices (up to 11 pounds depending on the joiner) to the best possible position. This unique flexibility makes it possible to quickly adapt to nearly any application so that the user has an ergonomically correct position and minimal time is wasted fidgeting with repetitive adjustments. Knowing your technology is as secure as it is accessible makes Zirkona the ideal go-to solution.

VEHICLE EQUIPMENT

Safeguard your assets with Gamber-Johnson vehicle equipment including push bumpers, partitions, window guards and gun mounts. These products offer rugged construction, quick and easy installation, and our limited lifetime warranty.
