

A large, ruggedized monitor is the central focus of the image. It has a black frame and a large, dark screen. On the right side of the frame, there are several buttons labeled 'P1', 'P2', and a power button. The monitor is mounted on a black frame, and a blue latch is visible on the top edge. The background is a blurred industrial setting.

RUGGED. RELIABLE. RESPONSIVE.

SECURE YOUR ASSETS WITH A NAME YOU CAN TRUST

Gamber-Johnson is the global leader in equipment mounting products — driven by our mission of “*supporting technology to help save the world.*” We manufacture components and systems for every mounting solution, all meticulously designed to be **rugged, reliable, and responsive**. Gamber-Johnson is a trusted name in the industry; long known as the go-to partner for major rugged computer OEMs. As a pioneer in design innovation — receiving numerous awards and accolades as an industry leader — Gamber-Johnson has been the preferred choice for decades.

HARNESS THE POWER OF
GAMBER-JOHNSON'S LASER-
LIKE FOCUS ON INNOVATION
WITH THE PERFECT MOUNTING
SOLUTION FOR YOUR LIFT
VEHICLE.

MOUNTING SOLUTIONS FOR EVERY LIFT VEHICLE

Secure your tablets and equipment with our superior mounting solutions, for ultimate peace of mind. We offer a wide range of turnkey solutions that are configurable for your material handling vehicle's specific make and model. Our ergonomic solutions enhance driver efficiency, reduce installation time, speed up operations, and improve overall workplace safety. To narrow down the best solution for your fleet begin by asking yourself these four important questions:

1. WHAT DEVICE IS BEING MOUNTED?

Identifying your device ensures that you get the correct dock or cradle to support your specific need and desired connectivity.

2. WHAT MODEL VEHICLE IS THE DEVICE BEING MOUNTED TO?

Knowing the make and model of your vehicle will allow us to recommend the best location and corresponding product needed to mount your device.

3. WHAT IS THE VEHICLE'S VOLTAGE?

By knowing the voltage or power requirement of your lift vehicle we can ensure that you get the appropriate power supply for your specific need.

4. WHAT ACCESSORIES ARE BEING MOUNTED?

Understanding your accessory needs will allow us to build the best material handling solution for your team.

CRADLES AND DOCKING STATIONS

Secure your tablets and other devices with a Gamber-Johnson cradle or docking station. Cradles keep your device safe and secure without port access, while docking stations replicate the device's ports for easy and secure access. Either way — we have a solution that will meet your needs in the most secure, ergonomic configuration possible.

F110 G6

ITEM NUMBERS:

7160-1584-00 Dock, No RF
7160-1584-03 Dock, Tri RF
7160-1642-00 Cradle, No Electronics
7160-1642-03 Cradle Tri RF No Electronics

- Compatible with G6 F110 tablet and all previous versions
- One-hand docking and release for efficient use all day long
- Downward-facing I/O ports; cable strain relief and cable management system
- Accommodates mag strip reader and hand strap without shoulder strap attachment (sold separately)
- Floating POGO pin style docking connector for reliable connectivity even in extreme environments
- Access to all tablet control buttons and ports while the tablet is docked
- Keyed lock for theft deterrence
- Composite/aluminum design for reduced weight and durability
- VESA 75mm mounting pattern
- 3-Year Limited Warranty

UX-10

ITEM NUMBERS:

7160-1253-00 Cradle NO RF (no electronics)
7160-1253-03 Cradle TRI RF (no electronics)
7170-0738-00 Cradle NO RF w/Power Supply
7170-0738-03 Cradle TRI RF w/Power Supply
7160-1252-00 Docking Station NO RF
7160-1252-03 Docking Station TRI RF USB
7170-0696-00 Docking Station NO RF w/Power Supply
7170-0696-03 Docking Station TRI RF w/Power Supply

- Designed for the Getac UX10 tablet computer
- Docking station design accommodates the rotating hand strap with the extended battery, or the optional hard handle, RFID reader, smart card reader, and mag stripe reader. (sold separately)
- Easy to use one-handed operation
- Downward-facing I/O ports; integrated cable strain relief and cable management system
- Floating POGO docking connector for reliable docking activation
- Docking tabs align tablet during insertion
- Keyed lock for theft deterrence
- Rounded edges to enhance personal safety
- Gamber-Johnson rugged construction and reliability
- VESA 75 mounting pattern
- Composite/aluminum design for reduced weight and durability
- 3-Year Limited Warranty

ZX70

ITEM NUMBERS:

7160-1135-00 Cradle (no electronics) No
7160-1135-01 Cradle Powered (POGO connector)
7170-0686-01 KIT: Charging Cradle + Getac 12V Auto Power Adapter
7170-0686-02 KIT: Charging Cradle + Getac 12V Auto Power Adapter w/ Bare Wire
7170-0686-11 KIT: Charging Cradle + LIND 12-32V Material Handling Cigarette Lighter Adapter
7170-0686-21 KIT: Charging Cradle + LIND 20-60V Material Handling Isolated Power Adapter

- Designed for the Getac ZX70 tablet computer and backwards compatible with the Z710 tablet
- Easy to use one-handed operation
- POGO connector for reliable charging
- Power cable strain relief
- Docking station design accommodates rotating hand strap (sold separately)
- Access to all tablet control buttons and USB port while tablet is cradled
- Optional lock (keyed alike) for theft deterrence
- Rounded edges to enhance personal safety
- Gamber-Johnson rugged construction and reliability
- Extremely light-weight composite/aluminum design
- VESA 75 mounting pattern
- 3-Year Limited Warranty

ZX10

ITEM NUMBERS:

7160-1676-00 Cradle, No RF
7160-1676-03 Cradle, Tri RF
7160-1675-00 Dock, No RF
7160-1675-03 Dock, Tri RF

- Compatible with Getac ZX10 tablet computer
- Docking station accommodates the tablet's card reader, extended battery, hand strap, stylus, barcode reader, and hard carry handle
- Access to all tablet control buttons and ports while the tablet is docked
- Docking connector gasket provides additional water resistance and protection
- Downward-facing powered dual USB ports (1.5A ea); integrated cable restraint system
- Floating docking connector for reliable connectivity in rugged environments
- One-hand docking and release for efficient use all day long
- Keyed lock for theft deterrence
- Gamber-Johnson rugged construction and reliability
- VESA 75mm mounting pattern
- 3-Year Limited Warranty

OVERHEAD GUARD LEG MOUNTS
