SAMSUNG TA2 PROTECTIVE COVER

Revision

Rev A

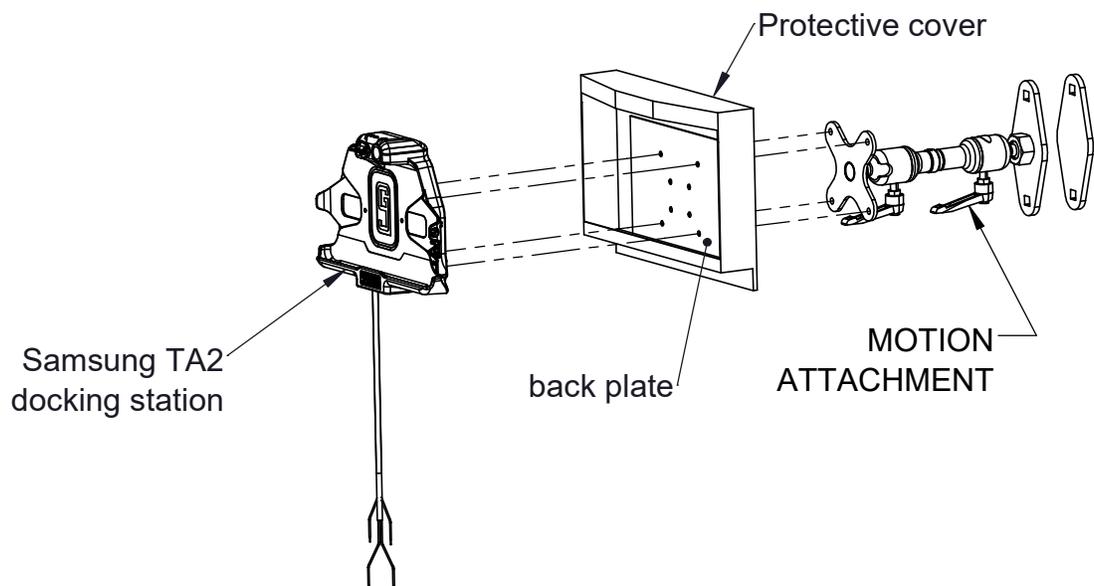

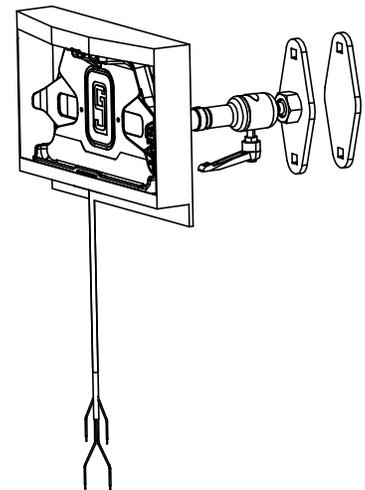

Form

INST-1009

Printing Spec: PS-001

Attaching the protective cover:

1. Attach the protective cover between the Samsung TA2 docking station and the motion attachment using the hardware supplied with the docking station.
2. Route the docking station wires downward through the bottom velcro opening to hold the wires in place and protect against dust and water intrusion.
3. The protective cover has a hard plastic back plate that is bolted between the docking station and the motion attachment. The protective cover is held in place on the plastic back plate with velcro so it can be removed if desired. The front clear window is also held in place with velcro so it can also be removed if desired.

Product Mounting Disclaimer

Gamber-Johnson is not liable under any theory of contract or tort law for any loss, damage, personal injury, special, incidental or consequential damages for personal injury or other damage of any nature arising directly or indirectly as a result of the improper installation or use of its products in vehicle or any other application. In order to safely install and use Gamber-Johnson products full consideration of vehicle occupants, vehicle systems (i.e., the location of fuel lines, brake lines, electrical, drive train or other systems), air-bags and other safety equipment is required. Gamber-Johnson specifically disclaims any responsibility for the improper use or installation of its products not consistent with original vehicle manufactures specifications and recommendations, Gamber-Johnson product instruction sheets, or workmanship standards as endorsed through the Gamber-Johnson Certified Installer Program.
