⚠ IMPORTANT SAFETY INFORMATION

- You must read and follow all installation instructions. Failure to follow installation instructions may result in death or serious bodily injury.
- Keep these installation instructions with the product and readily available in the vehicle for future reference of other users of the product.
- Additional copies of the installation instructions can be obtained from Gamber Johnson or by scanning the QR code located on the product if available.
- DO NOT position the equipment in front of an airbag. Equipment positioned in front of an airbag can cause serious injury or death when airbag is deployed.
- Disconnect vehicle battery before installation.

To Install:

1. Begin by moving the passenger seat as far back as possible.
2. Remove the front seat bolts of the front passenger seat that secure the seat to the vehicle floor.
3. Without removing the seat, place the vehicle base in front of the bolt holes of the seat legs.
4. Re-install the seat bolts.
5. Slide the base towards the center of the vehicle as far as possible.
6. Tighten the seat bolts.

If the vehicle does not have a center console it is recommended to use a DS-STEP and a DS-LOWER-7 pole. If the vehicle does have a center console it is recommended to use a DS-LOWER-13 pole.

Attach support brace 7160-0230 for increased stability.

Product Mounting Disclaimer

Gamber-Johnson is not liable under any theory of contract or tort law for any loss, damage, personal injury, special, incidental or consequential damages for personal injury or other damage of any nature arising directly or indirectly as a result of the improper installation or use of its products in vehicle or any other application. In order to safely install and use Gamber-Johnson products full consideration of vehicle occupants, vehicle systems (i.e., the location of fuel lines, brakes lines, electrical, drive train or other systems), air-bags and other safety equipment is required. Gamber-Johnson specifically disclaims any responsibility for the improper use or installation of its products not consistent with the original vehicle manufactures specifications and recommendations, Gamber-Johnson product instruction sheets, or workmanship standards as endorsed through the Gamber-Johnson Certified Installer Program.
