

UNIVERSAL ADJUSTABLE SEAT BASE

A fully adjustable mounting solution for public safety and enterprise vehicles

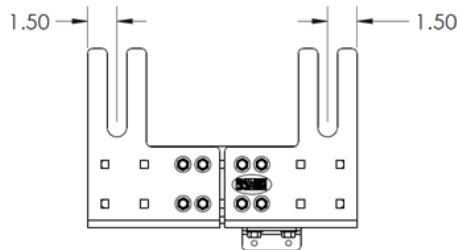

The Universal Adjustable Seat Base is a rugged, space-efficient mounting solution with a fully adjustable design for use in fleet and non-standard public safety and utility vehicles.

WEIGHT	HEIGHT (MIN-MAX)	WIDTH (MIN-MAX)	DEPTH
9.25 lbs / 4.2 kg	2.75 in / 6.99 cm - 4.5 in / 11.43 cm	11.5 in / 29.21 cm - 19.38 in / 49.23 cm	9 in / 22.86 cm

Vehicle Compatibility

- **Seat Bolt Orientation**
 - The Universal Adjustable Seat Base can be installed in front of the seat and to the side of the seat (if vehicle allows).
 - 90 degree, vertical seat bolts are required for correct installation and function.
- **OEM Center Console Clearance** - A total distance of 1.50" from the OEM center console to the center of the seat bolt is needed to properly install the Universal Adjustable Seat Base.

Features

- Easily mounts to a variety of vehicle seat rails with no drilling required
- Mounting points on either side of base, provide mounting options for both right and left side drivers
- Stabilizer foot attaches to the front of the base and is adjustable vertically for a custom fit, regardless of seat rail frame height
- Base can be utilized upside down for vehicles with a short or flat seat rail frame
- Pedestal solution offers a space-efficient mounting option for fleet vehicles and for use in non-standard vehicles
