**PETERBILT 579 DASH MOUNT**

**Printing Spec:PS-001**

This instruction sheet is for the Gamber-Johnson Peterbilt 579 dash mount. For other products sold by Gamber-Johnson please reference their specific instruction sheets.

The Peterbilt 579 dash mount is designed to mount in the opening for the yellow parking brake and red trailer air supply pull knobs. You will need a Zirkona for Big Rigs mount to complete the solution.

## **Attaching the mount:**

1. Remove the yellow and red pull knobs for the parking brake and trailer air supply by unscrewing them counter clockwise.

brake and air supply pull knobs

2. Remove the center dash panel by pulling it straight outward from the dash. It is held in place with spring clips.

3. Remove the (4) phillips head machine screws that hold the parking brake and air supply controller to the back side of the dash panel.

(4) phillips head machine screws

4. Place the dash panel bracket over the holes and reattach the (4) phillips head machine screws removed in step 3.
