

2018+ FREIGHTLINER CASCADIA DASH MOUNT WITH OFFSET BRACKET

Designed for your mobile work environment. A rugged and reliable solution for your device.

The 2018+ Freightliner Cascadia Dash Mount solution allows for direct mounting to the dash with no additional drilling required. With limited space in the cab, this provides a solution that will allow for a tablet, different ELD units or a phone to be mounted close to the dash. The mount is also designed with consideration for a cleaner, more professional install.

WEIGHT	HEIGHT	LENGTH
0.5 lbs / 0.2 kg	7.13 in / 18.1 cm	Arms expand from 1.5 in to 3.5 in (3.8 cm to 8.9 cm)

Features

- Large plate with multiple VESA 75mm and AMPS hole patterns for multiple options of product placement
- No drilling required solution preventing damage to the dash
- Cigarette power adapter (attached to the back side of the mount) to be contained inside the dash
- One 1" AMPS to VESA 75mm adapter plate to allow additional Gamber-Johnson docking station and cradle mounting options
- Several wire routing options to conceal wires for a clean and professional finished install
- Limited Lifetime Warranty
