

# KENWORTH T680/ T880 DASH MOUNT

Designed for your mobile work environment. A rugged and reliable solution for your device.

The Kenworth T680/T880 dash mount bracket is designed to be installed directly into the dash with no additional drilling required. It provides a great solution for the ELD requirements. With multiple AMPS patterns on the plate, this will support a multitude of places to mount your tablet or phone. The addition of slots to the bottom of the plate allows for a clean install as wires can then be directed behind the plate.
