

MATERIAL HANDLING

RUGGED. RELIABLE. RESPONSIVE.

SECURE YOUR ASSETS WITH A NAME YOU CAN TRUST

Gamber-Johnson is the global leader in equipment mounting products — driven by our mission of “supporting technology to help save the world.” We manufacture components and systems for every mounting solution, all meticulously designed to be rugged, reliable, and responsive. Gamber-Johnson is a trusted name in the industry; long known as the go-to partner for major rugged computer OEMs. As a pioneer in design innovation — receiving numerous awards and accolades as an industry leader — Gamber-Johnson has been the preferred choice for decades.

Harness the power of Gamber-Johnson’s laser-like focus on innovation with the perfect mounting solution for your lift vehicle.

MOUNTING SOLUTIONS FOR EVERY LIFT VEHICLE

Secure your tablets and equipment with our superior mounting solutions, for ultimate peace of mind. We offer a wide range of turnkey solutions that are configurable for your material handling vehicle’s specific make and model. Our ergonomic solutions enhance driver efficiency, reduce installation time, speed up operations, and improve overall workplace safety. To narrow down the best solution for your fleet begin by asking yourself these five important questions:

1. WHAT DEVICE IS BEING MOUNTED?

Identifying your device ensures that you get the correct dock or cradle to support your specific need and desired connectivity.

2. WHAT MODEL VEHICLE IS THE DEVICE BEING MOUNTED TO?

Knowing the make and model of your vehicle will allow us to recommend the best location and corresponding product needed to mount your device.

3. WHAT IS THE CAB TYPE?

Determine whether it is an open or enclosed cab.

4. WHAT IS THE VEHICLE’S VOLTAGE?

By knowing the voltage or power requirement of your lift vehicle we can ensure that you get the appropriate power supply for your specific need.

5. WHAT ACCESSORIES ARE BEING MOUNTED?

Understanding your accessory needs will allow us to build the best material handling solution for your team.

CRADLES AND DOCKING STATIONS

Secure your tablets and other devices with a Gamber-Johnson cradle or docking station. Cradles keep your device safe and secure without port access, while docking stations replicate the device’s ports for easy and secure access. Either way - we have a solution that will meet your needs in the most secure, ergonomic configuration possible.

HONEYWELL SCANPAL EDA10A TABLET DOCKING STATION & CRADLE

ITEM NUMBERS:
7160-2018 Cradle (No Electronics)
7160-2017-00 Docking Station w/Bare Wire
7160-2017-02 Docking Station w/Cigarette Connector
7160-2017-04 Docking Station w/2.5mm jack

KEY FEATURES:

- **Perfect Fit:** Engineered exclusively for the ScanPal EDA10A, delivering a secure and reliable hold for worry-free operation.
- **Integrated Charging:** POGO pin connector powers and charges the tablet while docked, keeping devices ready for the next task.
- **Peripheral Connectivity:** Includes dual USB-A ports for seamless integration with scanners, keyboards, and other accessories.
- **Effortless Access:** Maintain full access to the tablet’s control buttons, camera, and ports while securely docked.
- **Compatibility:** Requires the Honeywell Rubber Boot for the ScanPal EDA10A to ensure proper functionality.
- **Patented Slam Latch:** One-handed docking and release mechanism for fast, efficient workflow throughout the day.
- **Enhanced Security:** Barrel key lock deters theft and unauthorized removal.
- **Lightweight Durability:** Constructed with a composite design to reduce weight without compromising strength.

- **Flexible Mounting:** Features a VESA 75mm mounting pattern and is fully compatible with Zirkona mounting products for versatile installation in vehicles, workstations, and carts.
- **Built to Withstand Tough Environments:** Crafted from industrial-grade materials, ensuring reliable performance in warehouses, vehicles, and field operations.
- **Quick & Secure Docking:** Streamlined design allows for fast, secure docking and undocking, minimizing downtime during transitions.

OVERHEAD GUARD LEG MOUNTS

Mount any device securely to forklift overhead guard legs. Gamber-Johnson Universal Mount attaches to all popular forklift guard legs.

CLAM SHELLS

Our Clam Shell line is Gamber-Johnson’s staple product when it comes to extending the usability of technology into the mobile world of material handling. Easily attach any device, dock, cradle, or interface plate with the multiple hole patterns featured on the product. Our Clam Shells work to tailor to individual operator comfort and safety by providing a wide range of adjustments for optimal viewing of a device, improved visibility, and proximity to the operator.

GUARD LEG MOUNT WITH LOCKING SWING ARM MOUNT 7160-1841

- The locking swing arm keeps your devices positioned where you want them, and the one-handed operation allows for easy adjustability.
- Mounting Versatility: Mount sandwiches the overhead guard leg and allows user to position the device at the desired height position.
 - Locking Swing Arm locks devices in place and can be easily adjusted with one hand position.

HONEYWELL GRANIT 1911i SCANNER MOUNTING SOLUTIONS

Securely mount your Honeywell Granit 1911i scanner any forklift in your fleet. Gamber-Johnson's Honeywell Granit Cradle Adapter (7160-1694) is a rugged mount designed specifically for Honeywell COB02 cradle and offers a reliable mount that will hold up in material handling environments.

Gamber-Johnson has developed three mounting solutions that give you options to place the Honeywell scanner within easy reach of the operator.

Compatibility: Honeywell Granit 1911i Industrial Scanner

HONEYWELL GRANIT CRADLE ADAPTER

7160-1694

The Honeywell Granit cradle adapter quickly mounts to the Honeywell COB02 cradle on forklifts. The COB02 cradle is needed to charge the Honeywell Granit 1911i scanner while mounted on the forklift and other lift vehicles, keeping your Honeywell scanner where you need it.

FEATURES:

- Attaches to the Honeywell COB02 cradle
- The COB02 is needed for charging a Honeywell Granit on a forklift or wall mount

HONEYWELL GRANIT CRADLE 2" - 3" ROUND TUBE MOUNT KIT

7170-1047

Mount the Honeywell Granit 1911i scanner to any 2" to 3" round pole with Gamber-Johnson's Zirkona 6" dog-bone. The Zirkona dog-bone design allows the operator to adjust placement of scanner to achieve a reliable and secure mounting solution for material handling environments.

FEATURES:

- Mounts to any size cylindrical poles or tubular style overhead guard legs varying between 2" and 3" in diameter.
- Small form factor to secure light weight devices up to 4 lbs in a material handling shock environment.
- Quick adjust handles for individualized adjustment at each end for optimal positioning.
- Easy to install mounting solution with no drilling required and ample adjustability to accommodate operator comfort and ease of use.

HONEYWELL GRANIT CRADLE PIVOTING MOUNT KIT

7170-1051

Securely mount your Honeywell Granit 1911i scanner to Gamber-Johnson dock/cradle and minimize your work envelope. Gamber-Johnson's pivoting mount kit puts your Honeywell Granit 1911i within easy accessibility of the operator and next to your mounted tablet.

FEATURES:

- Ability to orient on both sides of Gamber-Johnson docks/cradles.
- Tilt adjustability provides ergonomic comfort and ease of use for mounted devices.
- Versatile design compatible to mount in between Gamber-Johnson docks/cradles and forklift mounting solutions.
- Mounting slots for adjustability which allows scanner placement within easy reach of operator.

HONEYWELL GRANIT CRADLE RECTANGULAR GUARD LEG MOUNT KIT

7170-1014

Combine the Honeywell Granit Cradle Adapter with our Zirkona 6" dog-bone to achieve a reliable and secure mounting solution for material handling environments. Adjustable to any angle and adaptable to various vehicles, our Zirkona solution allows movement, flexibility, and customization to fulfill your specific mounting needs.

FEATURES:

- Mounts to rectangular and roll formed overhead guard leg profiles.
- Small form factor to secure light weight devices up to 4 lbs at full horizontal extension.
- Quick adjust handles for individualized adjustment at each end for optimal positioning.
- Easy to install mounting solution with no drilling required to decrease install times and increase vehicle up-times.

ADDITIONAL HANDHELD SCANNER MOUNTS

Safeguard handheld scanners from accidental drops and catastrophic damage by housing your device with the right mount to fit your operation's needs.

PRINTER MOUNTS

Continue to expand from a desk to a mobile work environment by creating a secure and accessible way to mount rugged mobile printers.

7160-1816
HONEYWELL RP4 PRINTER MOUNT

- Easy access to battery pack. No need to remove printer to change battery
- Mount configurations for AMPS hole pattern. Attaches to Gamber-Johnson Clam Shell, Zirkona Products and products utilizing universal AMPs mounting pattern
- 4 PEM studs (size 10-32) for simple attachment to lift vehicle mount
- Secures directly to printer without impeding paper feed, printer ports, or power connections. Change paper rolls and charge unit without removing printer from mount
- All metal construction and powder coated for long lasting durability

7160-1821
HONEYWELL RP2 PRINTER MOUNT

- Easy access to battery pack. No need to remove printer to change battery
- Mount configurations for AMPS hole pattern. Attached to Gamber-Johnson Clam Shell, Zirkona Products and products utilizing universal AMPs mounting pattern
- 4 PEM studs (size 10-32) for simple attachment to lift vehicle mount
- Secures directly to printer without impeding paper feed, printer ports, or power connections. Change paper rolls and charge unit without removing printer from mount
- All metal construction and powder coated for long lasting durability

VOLTVAULT PRO SHUT DOWN TIMER
7300-0410

- Adjustable - 5 seconds to 4 hours
- Shut Down Timer (SDT) protects the automobile battery from over discharge by shutting OFF at a preset time after engine is shut down or battery discharged to a low voltage level
- SDT protects radio or computer equipment from damage due to low or high input voltage
- Low voltage shut down at 10.5 V DC High voltage shut down at 18 V DC with auto reset
- Automatic activation by sensing the battery voltage (battery not charging = timer ON)

VOLTVAULT SHUT DOWN TIMER
7300-0409

- Factory Set at 2 Hours
- Shut Down Timer (SDT) protects the automobile battery from over discharge by shutting OFF at a preset time after engine is shut down or battery discharged to a low voltage level
- SDT protects radio or computer equipment from damage due to low or high input voltage
- Low voltage shut down at 10.5 V DC
- High voltage shut down at 18 V DC with auto reset
- Automatic activation by sensing the battery voltage (battery not charging = timer ON)
- Optional activation by ignition switch

SCREEN PROTECTION AND MOBILITY SOLUTIONS

Experience reduced fatigue and increased productivity and efficiency due to enhanced ergonomics and comfort. Easily engage with other equipment with the hands-free capability and improved device access.

SCREEN PROTECTION

The InfoCase Rugged Tempered Glass Screen Protection for Honeywell devices offers an extra layer of defense against scratches and impacts. Designed specifically for Honeywell tablets, this laser-cut, custom-fit protector ensures high optical clarity and features an anti-smudge coating for a clear viewing experience.
