Detroit Assurance driver facing camera cover

Revision

Rev A

Form

INST-1240

Printing Spec: PS-003

This instruction sheet is for adding the Detroit Assurance driver facing camera cover to the inside surface of the OEM windshield cover.

Installing the camera cover:

1. Remove the Detroit Assurance OEM windshield cover from the windshield by grabbing the two sides of the OEM cover and gently pulling the cover off the windshield. The cover has four plastic spring clips attached to the inside. Reference P1 & P2.
2. Remove the driver facing camera cover from the bag and remove the two VHB release liners exposing the adhesive. Reference P2.
3. Insert the raised portion of the camera cover with the VHB adhesive attached through the rectangular cutout in the inside of the OEM cover as shown. Press downward on the sides to adhere the VHB to the inside of the OEM cover. Reference P3.
4. Reinstall the OEM cover onto the windshield by aligning the 4 spring clips with the mating slots in the windshield bracket and pressing the cover into place. Reference P4.
