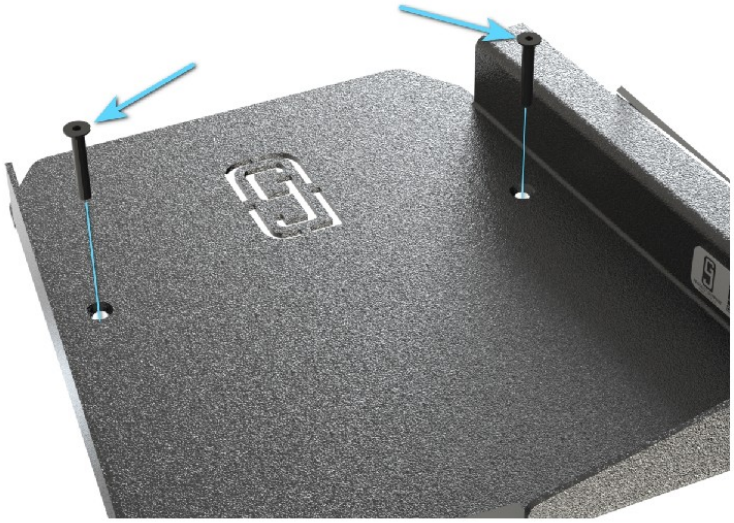
Top-of-Dash Mount Install Instructions:

1. Use a 7mm socket to remove the 2 OEM bolts holding down the top tray (do not remove the tray).

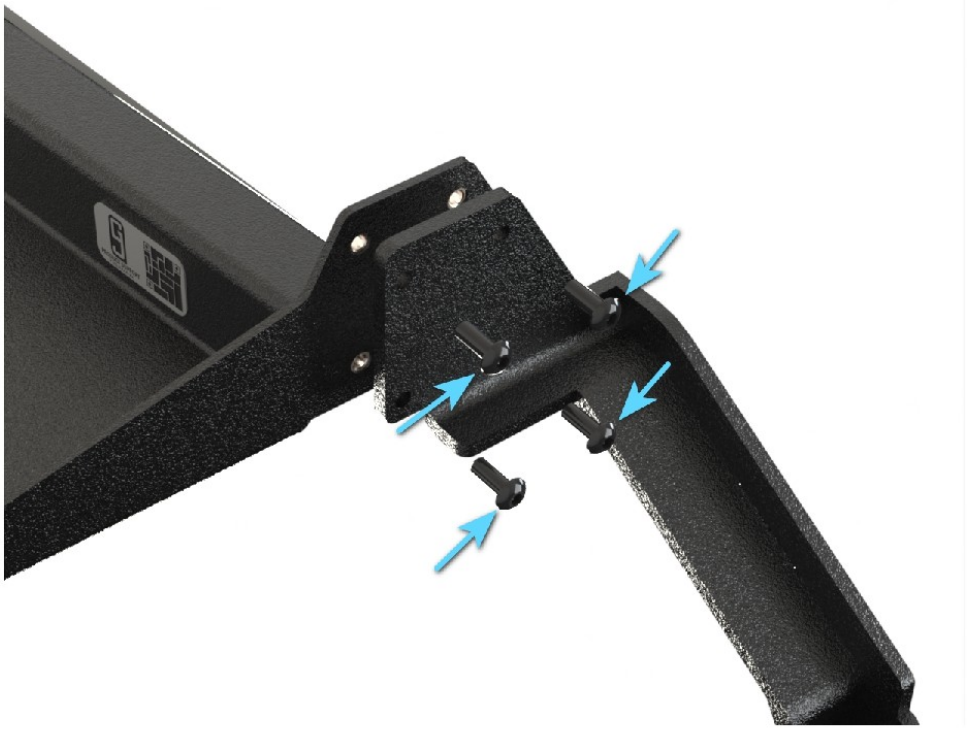
2. Place the GJ top tray inside the OEM tray and reinstall with the provided M5 flat head hardware.



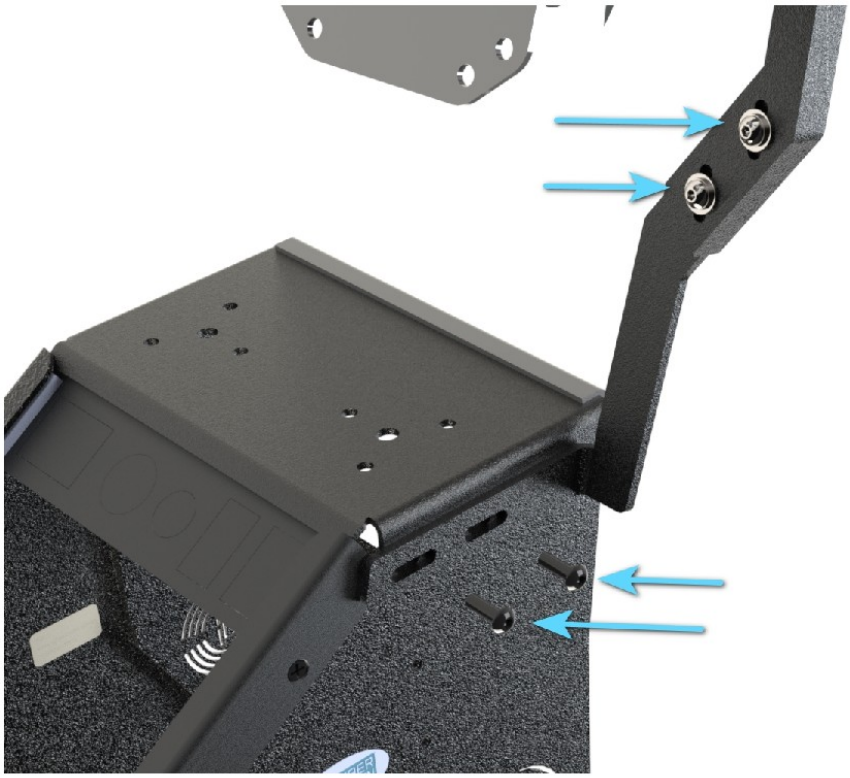
On-Dash Mount Installation:

3. Remove the (2) passenger side top plate screws on the GJ Low Profile Console, these will be replaced with longer screws

4. With the GJ Top-of-Dash installed, install the On-Dash mount with the provided #10-32 button head hardware



5. Loosely attach lower bracket to dash assembly with provided 1/4-20 screws, lock washer, and washer.

Secure the bracket to the console with the provided 1/4-20 x 0.75" button head hardware


Complete the installation by tightening all the 1/4-20 screws
