

ADJUSTABLE DEPTH STORAGE POCKETS

Keep your essentials secure, quiet, and ready with Gamber's Adjustable Depth Console Storage Pocket — built for law enforcement, fire, EMS, and other demanding fleet applications. Its depth-adjustable locking design and modular lower section let you adapt storage for weapons, organizers, or specialty tools, all while maximizing available console space. The flush neoprene mat prevents rattles and scratches, while the rugged steel construction withstands the demands of daily duty.

FEATURES

- **Adjustable Depth After Install** – Locking two-piece design fine-tunes fit in any console setup
- **Built-In Hex Key** – Comes secured to the liner for quick, easy adjustments on the fly
- **Maximized Console Space** – Engineered to make every inch of your install count
- **Quiet, Protected Storage** – Neoprene liner prevents rattles and scratches
- **Heavy-Duty Steel** – Powder-coated for corrosion resistance in tough duty environments
- **Public Safety Ready** – Ideal for patrol vehicles, command units, and utility fleets
