DUAL ARTICULATING ARM AND CLEVIS

Revision

Rev.C

Form

INST-789

Printing Spec: PS-001

This instruction sheet is for the DUAL ARTICULATING ARM AND CLEVIS.

THIS PRODUCT IS NOT DESIGNED TO BE USED IN A VEHICLE.

This mounting system is designed to be used with a variety of Gamber-Johnson products. Installation instructions for other Gamber-Johnson products are provided with each individual product.

This instruction sheet is for the following products:

Item No. 7160-0976 DUAL ARTICULATING ARM AND CLEVIS (STANDARD)
Item No. 7160-0977 DUAL ARTICULATING ARM AND CLEVIS (SHORT)

Remove the .25-20 flanged nyloc nuts from the adapter plate.

Place the adapter base on the upper pole

assembly inserting the threaded studs through the two radial slots.

Place the flanged nylok nuts on the studs and tighten. Unscrew the tilt knob to loosen the clevis assembly and set the amount of tilt. Lock in place by tightening the knob.

Product Mounting Disclaimer

Gamber-Johnson is not liable under any theory of contract or tort law for any loss, damage, personal injury, special, incidental or consequential damages for personal injury or other damage of any nature arising directly or indirectly as a result of the improper installation or use of its products in vehicle or any other application. In order to safely install and use Gamber-Johnson products full consideration of vehicle occupants, vehicle systems (i.e., the location of fuel lines, brakes lines, electrical, drive train or other systems), air-bags and other safety equipment is required. Gamber-Johnson specifically disclaims any responsibility for the improper use or installation of its products not consistent with the original vehicle manufactures specifications and recommendations, Gamber-Johnson product instruction sheets, or workmanship standards as endorsed through the Gamber-Johnson Certified Installer Program.
