PANASONIC TOUGHBOOK® CF-33 TABLET DOCKING STATION

Engineered for the demanding work environments in utility, public safety, and material handling.

Designed to work with the Toughbook® 33 detachable tablet, this Gamber-Johnson docking station provides the security, reliability, and functionality required to run an efficient mobile office. Gamber-Johnson quality means reduced downtime and long-term reliability. Full port replication provides the peripheral connections to support a mobile office environment and the one-handed dock/release saves time when taking the tablet out for your work. This docking station accommodates either a hand strap or additional battery pack. The keyed-lock provides the added security and theft deterrence.
