

PANASONIC TOUGHBOOK® 20 LAPTOP DOCKING STATION

Engineered for demanding work environments in utility, public safety, and material handling.

This Gamber-Johnson Laptop docking station is designed to work with the Panasonic Toughbook® 20 and G2 computers with an attachable keyboard. Position the computer in tablet or laptop mode and remove the computer to use outside your mobile office. The docking station offers full port replication to support a mobile office environment and the keyed lock provides additional security to protect your investment.
