

CRADLE FOR GETAC B360 LAPTOP

Engineered for rugged performance, PMT's cradle for the Getac B360 laptop combines an ultra-slim, low-profile design with uncompromising durability.

Perfect for marine environments, its CNC-machined aluminum construction ensures lightweight strength, while precision-constructed components offer lasting resistance to harsh conditions during mission critical operations. Designed to increase security and deter theft with an integrated key lock, this cradle is the ultimate blend of toughness and space-saving innovation.

WEIGHT	HEIGHT	WIDTH	DEPTH
7.25 lbs	2.35"	14.30"	11.87"

CERTIFICATES & TESTING

- MIL-STD-810H
 - Vibration, operational and non-operational
- MIL-STD-810G
 - Mechanical Shock Safety, non-operational
 - Functional Shock, operational
- ROHS

FEATURES

- CNC machined aircraft grade aluminum construction to ensure a lightweight, ultra-rugged solution in all mission critical operations
- Black anodized and epoxy powder coat finishes provide years of durable, easy maintenance performance
- Low profile design for maximum usable cabin space and ultimate vehicle operator comfort and safety
- Key lockable for increased theft deterrence
- VESA 75 mounting pattern makes integration with existing mounting equipment simple and fast
- Limited Lifetime Warranty
