DISPLAY PEDESTAL

Pedestal mount offering both VESA 75 and VESA 100 hole patterns, can be used with PMT docking stations and cradles. Positions devices at a 45 degree angle for optimal use and viewing at a height of 43 inches to the top of the pedestal from the base. The steel base features through holes to offer the option of fixing to the floor for increased security and theft deterrence, and the aluminum pedestal upright brings weight to a minimum with cable routing within in the upright for further tamper resistance. Ideal for commercial and operational environments.

TECHNICAL SPECIFICATIONS

ITEM NO.	WEIGHT	HEIGHT	WIDTH	DEPTH
7300-0585	28.65 lbs	43.27"	22.00"	20.62"

FEATURES & BENEFITS

- Aircraft-grade aluminum construction provides a rugged, lightweight solution
- High durability black epoxy powder coat finish delivering lasting performance
- Designed with a fixed 45 degree angle for ergonomic viewing with a height of 43 inch from top to base
- Multiple mounting patterns including VESA 75 and 100 for easy integration with a range of solutions
- Steel base with holes for secure floor mounting and sturdy positioning
- Cable routing channels through pedestal upright offer increased security and tamper resistance
- Limited lifetime warranty
