# ZEBRA ET4X 8" & 10" SLIM DOCKING STATION

Manage your fleets with precision. Stay connected with Gamber-Johnson's rugged Docking Stations specifically designed for the Zebra ET4X 8" and 10" rugged tablet series.

Combine the Zebra ET4X enterprise tablet with Gamber-Johnson's new cradle while being the ultimate choice for drivers who want to keep things simple. The cradle keeps your tablet safe and lets you access all the features you love about your device. The camera, scanner, and other features can be used while it's safely docked in the cradle. If needed, you can even lock your cradle for extra tablet security.

## PRODUCT MEASUREMENTS

## FEATURES & BENEFITS

- Designed for the Zebra ET4X 8" and 10" rugged tablet
- Zebra's rugged boot is required in order to work with docking station
- Dual powered USB ports; 1.5A for each port for connecting peripheral devices
- Full port replication options available with (2) USB-A (1.5A each), RJ45 Ethernet and RS232 Serial
- All features of tablet are functional while the tablet is safely docked
- Patented slam latch for simple, one-handed docking and release operation:
- Insert bottom of Zebra tablet into the docking station and push top of the tablet in until the lock engages.
- Push latch button up with your thumb then remove the tablet from the docking station.
- POGO pin connector provides power to charge the Zebra tablet while docked
- Barrel Key lock for theft deterrence
- VESA 75mm mounting pattern; compatible with Zirkona mounting products
- Bare Wire, 2.5mm DC Power Jack, and Full Port Replication options
- Can be mounted on a flat vertical surface
- Composite design for reduced overall weight
