ACCESSORIES

- The Desktop Dock is designed to handle a 9-36Vdc input and requires a Dell certified power adapter.
- The standard use voltage is 19Vdc and a minimum 5A (90 watt).

FEATURES & BENEFITS

- Adjustable docking supports ensure compatibility with the Dell 7230, 7030, RA00260 and RA02260 rugged tablets.
- Back support provides a stable, space-saving setup, optimizing the device viewing angle and enhancing user comfort and productivity.
- Kensington Cable Lock Slot protects your investment from theft deterrence.
- Easy one-handed docking and release streamlines your workflow with hassle-free connectivity.
- LED Indicator provides clear communication of proper docking connection.
- Dual HDMI ports seamlessly connect to multiple monitors for expanded visual workspace.
- Maintain compatibility with legacy devices with the integrated serial port.
- Includes fast, reliable Ethernet internet connection, providing stable and secure network access.
- Connect high-speed peripherals with ease with the 3 USB-A ports.
- Dedicated power delivery for your USB-C devices always keeps them charged and ready for use.
- Experience versatile connectivity for modern monitors and devices with the DisplayPort USB-C port, supporting high-resolution displays.
- Audio combo jack offers convenient access for audio devices.
- 3 Year Warranty
