DELL RUGGED LAPTOP DOCKING STATION

Engineered for the demanding work environments in utility, public safety, and material handling.

Gamber-Johnson's versatile Dell Rugged Laptop docking station is designed to accommodate the Dell Latitude 12 and 14 Rugged and 14 Rugged Extreme computers as well as the new Pro Rugged 13 and 14 computers; front hooks can be adjusted in seconds to accommodate the various Latitude models. Now available with full and lite port replication options so customers have the flexibility to customize their setup to their requirements and budgets.

The Dell Laptop dock features a convenient front-facing docking/release latch. Peripherals are connected through rear-facing ports with an integrated cable restraint system. Experience seamless data transmission and power delivery between your notebook and next-gen peripherals with USB-C port replication. Secure your Dell laptop in the docking station with the keyed lock when you are away from the vehicle.

Mount the docking station using the Vesa 75 mounting pattern and utilize Gamber-Johnson's mounting equipment with the Dell dock to create an ergonomic vehicle office for any application.
