GETAC ZX80/ZX80W TABLET DOCKING STATION

Engineered for the demanding work environments
of material handling, utility and public safety

Designed for the Getac ZX80 (Android) and ZX80W (Windows) tablets, this rugged docking station offers reliable connectivity with full port replication including USB, serial, and Ethernet ports. Its slim design saves space in mobile workstations, and optional accessories like an extended battery pack or 2-point hand strap are easily accommodated. The patented slam latch enables effortless docking, while a keyed lock provides security. Plus, a built-in stylus holder ensures convenient access.
