

ZIRKONA MEDIUM JOINER, 2 ROUND AMPS PLATES WITH BACK PLATE

Designed for your mobile work environment. A versatile and reliable solution for your device.

Zirkona mounting solutions are a unique line of modular components and pre-configured kits that are easily utilized across several applications and environments. Our innovative encapsulated joiner allows users to rotate their small, light-weight device (up to 11 lbs / 5 kg depending on the joiner) to any angle for complete customization.
