CUSTOM PIPELINER STORAGE BOX

Heavy-Duty Aluminum Construction Built for Rugged Jobsite Use

Built for strength, durability, and everyday jobsite use, our Custom Aluminum Pipeliner Storage Boxes are designed to handle tough working conditions while keeping your tools and equipment secure. Each box is 100% TIG welded throughout and built from heavy-duty .190” 5000 series aluminum for long-lasting, corrosion-resistant performance.

PRODUCT MEASUREMENTS

To help design your custom box, please share:
•The exact dimensions you need (width, depth, height)
•Your preferred latching system (keyed, padlock, or slam-latch)
•Any specific interior layout or tool organization requirements

INDUSTRIES

- RECREATION
- ENTERPRISE & UTILITIES
