DELL RUGGED GEN 2 LAPTOP DOCKING STATION

DELL 12" RUGGED TABLET DOCKING STATION

DELL RUGGED GEN 2 LAPTOP DOCKING STATION AND CRADLE

- Compatible with the Dell Pro Rugged 14 (PR514260), with easily adjustable front hooks designed to support future devices built on the Gen 2 docking platform
- Auto-docking design for true one-handed operation. Simply align the device with the front hooks and lower it into position. The rear docking mechanism automatically engages, guiding the device securely into the dock with an audible click.
- Improved ergonomic release mechanism enables fast, intuitive, low-effort undocking—ideal for frequent in-and-out use.
- Compact, smooth, and lightweight design minimizes cabin mounting space while maximizing user comfort—without compromising ruggedness or durability.
- Casted Zinc Alloy front hooks provide enhanced strength and durability.
- Rear-facing ports with integrated cable routing and tie-offs keep connections secure, reduce cable strain, and minimize required mounting space.
- Front and side facing ports provide flexibility with accessing data and attaching accessories.
- Front indicator light displays power and docking status
- Keyed lock provides added theft deterrence.
- VESA 75 mm insert mounting pattern for flexible installation options
- 1/4"-20 Hex Head Grade 5 black zinc-coated mounting hardware included. Recommended installation torque: 50-75 in.-lbs.
- Lite and Full port-replication configurations allow customers to select the connectivity, functionality, and price point that best fit their requirements.
- Optional screen support provides additional device stability.
- Optional QUAD RF (SMA) antenna pass-through available – GPS, WLAN, WWAN, MIMO
- 3-Year Limited Warranty
