ZEBRA ET40/ET45/ET401 10” 2-IN-1 ATTACHABLE KEYBOARD

Tablet mobility. Keyboard productivity.

Bring laptop-style productivity to Zebra’s 10-inch enterprise tablets without sacrificing the mobility of a tablet. Gamber-Johnson’s 2-in-1 Attachable Keyboard supports the Zebra ET401 while maintaining compatibility with ET40 and ET45 tablets, providing a common keyboard solution for organizations managing multiple device generations.

A responsive keyboard, integrated touchpad and convenient peripheral connectivity make it easy to transition between tasks, workstations and locations. Simply attach the tablet using the integrated docking interface and get to work. The compact design, integrated carry handle and adjustable viewing angle deliver familiar laptop functionality in a portable solution built for mobile professionals.

FEATURES & BENEFITS

- **One keyboard. Three Zebra tablets.** Compatible with Zebra ET40, ET45 and ET401 10-inch tablets, providing a common keyboard solution as organizations upgrade their devices.
- **Tablet mobility meets laptop productivity.** A 76-key keyboard with 12 function keys and integrated touchpad with left and right mouse buttons provides familiar laptop-style functionality.
- **Dock in seconds. Get to work.** The attachable design and POGO docking interface make it quick and easy to connect or remove the tablet.
- **Connect essential peripherals.** An integrated USB-A 2.0 port supports a mouse, flash drive or other compatible peripheral.
- **Keep tablet functions accessible.** The camera, microphone, speakers, barcode scanner, USB-C port and tablet controls remain accessible while attached to the keyboard.
- **Built to move with you.** An integrated hard carry handle and two shoulder-strap attachment rings make transporting the tablet and keyboard together easy.
- **Work comfortably wherever the job takes you.** A friction hinge and stabilizing feet help position the tablet at a comfortable viewing angle.

ZEBRA ET4X 10” 2-IN-1 ATTACHABLE KEYBOARD

PORT RELPLICATION & CONNECTIVITY

The 2-in-1 Attachable Keyboard provides convenient peripheral connectivity while maintaining access to the tablet’s charging interface and essential functions.

- 1 × USB A 2.0 peripheral port (legacy rating: 5V @ 500mA
- Tablet USB C port accessible for charging
- Integrated POGO docking interface

PRODUCT SELECTION

ITEM NUMBER	DESCRIPTION	KEYBOARD LANGUAGE
7160-2259-00	Zebra ET40/ET45/ET401 10" 2-in-1 Attachable Keyboard	English (US)

Product Transition:

The 7160-2259-00 replaces the previous 7160-1789-00 (English US) 2-in-1 Attachable Keyboard. The updated solution adds compatibility with the Zebra ET401 10-inch tablet while maintaining compatibility with Zebra ET40 and ET45 10-inch tablets.

Additional keyboard language configurations may be available for qualified volume opportunities. Contact Gamber-Johnson for availability and minimum order requirements.

Product Notes:

- Compatible with Zebra ET40, ET45 and ET401 10-inch tablets without protective boot or frame.
- English (US) keyboard configuration.
- Tablet can be charged through its accessible USB-C port without removing it from the keyboard.
- Not designed for vehicle mounting.
